

# ward3vision

smart growth • vibrant neighborhoods

Ward3Vision is a group of residents who can imagine our neighborhoods as **even better** urban places - **more walkable, sustainable, and vibrant**. DC is growing and we think that growth should be **environmentally and socially responsible**, positive, and progressive, while **protecting the character of our residential neighborhoods** and bringing the vitality of **urban life** to our commercial corridors.

We have been advocating Smart Growth at the Metro in Friendship Heights, at the Safeway on Ellicott St., in the AU and UDC Master Plans, and at the Tenley Library. We have worked on Connecticut Avenue pedestrian safety and on the revision of the zoning code. Want to know more? Visit us on Facebook or at our website. Better yet, email [info@Ward3Vision.org](mailto:info@Ward3Vision.org) and tell us what you'd like to see in the neighborhood. More bike lanes? Better streetscapes with trees and benches? More parks? A Circulator bus? Better planning? More affordable housing? More green buildings? Share your experiences and your photos of cool places in other cities. Let's talk!
